I think if you can give me a history of your Great Grandfather it will then connect very closely with Vines Collier that removed from Virginia to Oglethorpe County just after the Revolutionary War. Vines Collier was my Great Great Grandfather and was the father of Robert Collier that lived at Upson County the old station on the M & B and died there in 1857 or 58 and the Grandfather of Robert Marshall Collier who lived at The Rock and died in 1896.

I would appreciate your kind attention to this matter promptly, thinking it out carefully and when I have gotten up a complete history from the 15th Century down to the present time I will cheerfully furnish you a copy.

Very respectfully,

J. R. Mills
